

Primus Series Handheld Card Counter

MODELS:

- C-6: Standard PVC, Thin and Thick Card Counter
- C-6 DT: Standard PVC, Thin and Thick Card Counter with Data Transfer
- TC-6 DT: Standard PVC, Thin, Thick and Translucent Card Counter with Data Transfer

SPECIFICATION:

- Process: High precision photo sensor technology
- Data Transfer: USB interface for data transfer to PC (counter records 1000 counts)
- Communication: Visual display and audio signal for count result verification
- Card materials: ABS, PVC, PC, PET, Styrene, Paper board and many more
- Card thickness: ~ 0.27mm - 2.0mm / 11mil. - 80mil.
- Card types: Standard PVC, Translucent, Plain, Printed, Embossed, Colored Plastics, Black Core
- Applications: Cards, Envelopes, Brochures, Cartons, Booklets, Playing Cards etc.
- Dimension: 150mm x 70mm x 30mm (max. L x W x H)
- Weight: 270 grams
- Operating Voltage: 3.7 V
- Warranty period: 12 months

FUNCTIONS AND ACCESSORIES:

- Unrivalled precise and consistent counting accuracy
- Software for data transfer to a PC included
- Automatic accumulation function of individual counts up to max. 999,999 cards
- Automatic calibration mode in order to detect card type, e.g. embossed
- Multilingual user interface (English, French, Spanish, German)
- Easy operation for right- and left-handed operators by symmetric operation key position
- Rugged aluminum housing designed for heavy industrial usage
- Ergonomic and modern design for convenient and safe handling of the device
- Easy user friendly operation
- Rechargeable high capacity lithium ion battery - (approx. 7000 counts without charging)
- Very low battery power consumption - included battery charger unit

AVAILABLE OPTIONS:

- Replacement lithium ion battery
- External battery charging unit in case the counter unit must be available 24 hours/day
